

**BIO ENG:**

Giulia Gutterer, original child of Italy's Bolzano mountains and land of delicious cow's milk, has migrated the cream of Italo to the centre of Berlin's club scene.

Equally obsessive about Hi-NRG, Downtempo, New Beat, Dark & Nu Disco she quests through the dirtiest depths of the internet and record stores for rhythms so inviting that you can't help but bathe, kick and writhe in the sludge and dust with her. She's raised iconic dancefloors worldwide with a style that is an eclectic swag of sex, humour and psychedelia. A collision of expansive beats and seductive evolving moods that have hypnotized Berlin's audiences at Berghain's Panorama Bar for Italo-rama, Cocktail d'Amore, Salon zur Wilden Renate, RSO, and Sisyphos to mention a few.

Though she's "just a DJ, not a f\*\*\*ing neurosurgeon", she is the rock and caretaker of Wrong Era and Slow Motion organizations and parties all over the world; notorious, sweaty meet-ups for all the "not-too-hard tunz" music lovers.
